

Toddler/Walker/2 year olds - Lesson Plan 5/31/15

Because of the age of the kids in this class the following activities may or may not all be accomplished. I have found that if I alternate playtime with the activities I can get through most of them. Don't worry if you don't complete them all, sometimes that's just the way of it with this age.

Bible Verse: I remember you in my prayers. 2 Timothy 1:3

Practice the verse and actions with the kids.

Review: We're going through a bible storybook using numbers so each week we are going to review counting. Count to eight using your fingers.

Say: Today we're going to hear a story about 9 men who forgot to say thank you!

Read: "Nine Men Forgot to Say Thank You" from, The Toddlers 123 Bible Storybook bible.

Craft/Activity: Make a "Thank You" card for someone special with thank you rubber stamps

Clean Up: In an effort to teach the kids how to clean up, I would like to have the kids spend some time at the end of class putting toys away. Point out the pictures on the bins and have the kids put toys in the correct bins.
